

ACME CORP: REMOTE WORK AND TELECOMMUTING POLICY

Effective Date: January 1, 2026

1. Purpose and Scope:

Acme Corp supports remote work as a viable, flexible work option when both the employee and the job are suited to such an arrangement. This policy outlines the guidelines for remote work to ensure productivity, security, and consistent communication. This policy applies to all full-time employees who have completed their 90-day probationary period.

2. Eligibility and Approval:

Not all positions are eligible for remote work. Eligibility is determined by the Department Director based on the operational needs of the team. Employees must request remote work arrangements in writing via the HR portal. Approvals are granted on a case-by-case basis and must be renewed annually.

3. Core Working Hours and Availability:

Remote employees are expected to maintain standard business hours. Core collaboration hours are defined as 10:00 AM to 3:00 PM (EST), Monday through Friday. During these hours, employees must be online, logged into the company communication channels (Slack/Teams), and available for meetings.

4. Equipment and Cybersecurity:

Acme Corp will provide a standard laptop and a one-time \$500 stipend for home office setup. Employees must use company-issued devices for all official work. Connecting to public, unsecured Wi-Fi networks is strictly prohibited unless routed through the Acme Corp corporate VPN. All local data must be encrypted, and physical workspaces must be secured against unauthorized viewing of sensitive company data.

5. Expense Reimbursement:

The company will reimburse up to \$50 per month for home internet costs. We do not reimburse for home electricity, HVAC, or personal mobile phone data plans unless explicitly required by the role and approved by the department head.
